

March 2020

Dear TAU International Students,

The entire university community is closely following the outbreak of the Coronavirus. We would like to take this opportunity to emphasize how much your personal well-being as well as the proper continuation of your academic studies are a priority for us.

This time naturally evokes uncertainties and anxieties. In this context, it is important to take the situation seriously but also to regard it in an appropriate and measured way and to react in a careful manner.

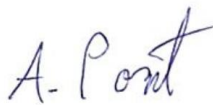

At Tel Aviv University, no confirmed cases of Coronavirus-infection have emerged to this day. We all follow closely the Israel Ministry of Health updates and instructions, and will of course continue to keep you updated at all times. In addition, we would like to ask you to continuously consult the existing information sources in order to adapt as well as possible to the current situation in your private as well as in your academic sphere and to protect yourself respectively.

Naturally, you will continue to be informed about all significant updates and amendments without any delay.

We hope that you and your families all stay safe and healthy and that we will soon be able to resume a routine on campus.

Yours,

Prof. Ariel Porat

President

Prof. Raanan Rein

Vice President
