

Spring Semester 2020 - Study Abroad Courses

Please note that all courses, syllabi, dates and times below are subject to change. Classroom locations will be posted closer to course start dates. For a schedule of Spring 2020 important dates, including courses start and end dates, please visit our [Study Abroad Calendar](#).

All students are responsible for carefully reading the [Spring 2020 TAU International Academic Handbook](#) prior to registering for courses. In this handbook, students will find detailed and essential academic information which they are responsible for understanding regarding courses, TAU academic policies, course registration, important academic deadlines and dates, and more.

TAU International Study Abroad students must enroll in a minimum of 4 courses listed below during each semester (if your home school requires you to enroll in more than 4, you are required to adhere to your home school requirements). Please note that all courses below are worth 3 semester credits unless otherwise noted (as is the case with Hebrew courses and Service Learning courses).

TAU does not permit, under any circumstances, taking any in-class (including mid or final) exams or final presentations early. When selecting courses, it is thus very important to note below if there is an in-class final (or presentation) as the date and type of exam cannot be changed. Early departures from the program are not approved, nor are early or exception exams or presentations.

Classroom Location Key – N = Naftali, L = Law Building, DD = Dan David, P=Porter

MON – N201

WED – DD110

Internship Program Course

The following course is open only to students who are officially enrolled in the Spring Internship Program and is a mandatory course for these students. The course takes place during the summer session of the program (not during the regular spring semester).

Internship Program	Course Number	Day	Hour	Final	Location
Career Development: Theory and Practice – Dr. Anat Geifman-Broder	2120.0113.05	WED Note: this class takes Place During Summer Session (June 10-July 29)	8:30-13:00	Presentation and Final Paper	Remote

Spring Semester 2020 - Courses in BA Liberal Arts Program that Run According to the Study Abroad Semester Dates

Study Abroad students may take the below 3 credit courses which are part of the BA Program in Liberal Arts (taught in English). It is possible to end these courses at the same date of the study abroad courses listed above (May 14, 2020) and so they can approximately follow our [Study Abroad Calendar](#). **More information on the class locations, exact dates, and syllabi for each BA course is provided on the [BA Liberal Arts web site](#).** Not that other than the below BA courses, it is not guaranteed for study abroad students to be able to enroll in BA courses.

Please also note that many times classes in Israel are written “to the nearest hour”, meaning you may see a course that meets from 10:15-11:45 written as 10:00-12:00. In this case, the course starts at 10:15, and ends at 11:45. Below we will write the course times as they actually are.

Course Name	Course Number	Day	Hour	Location
A Political History of the Economy – Prof. Michael Zakim	1662.1108.01	TUES (Note: this course begins March 8)	16:15-19:45	Gilman 456
Theories in Communication and New Media – Dr. Sharon Avital	1662.1503.01	MON (Note: this course begins March 8)	12:15-15:45	Rosenberg 002

STEM Courses in English in the B.Sc. in Electrical and Electronics Engineering Program

It may be possible for study abroad students who meet all required course pre-requisites to enroll in one or more STEM courses which are part of the B.Sc. program taught in English. However, these courses do not run on the same calendar as the study abroad program. They run on the regular Israeli university calendar, which means students taking these courses would be required to stay for a longer period of time than the usual study abroad program and extra housing fees would apply. The B.Sc. calendar can be found [here](#). In addition, international students should be advised as to the high degree of difficulty of these courses. In addition to meeting the course pre-requisites, students must be formally reviewed and accepted to the course by the B.Sc. program staff. If interested in exploring the option to take a STEM course, please [contact us](#).

TAU International Study Abroad students taking BA and BSC courses are subject to the academic rules, regulations and policies of these programs respectively, and students should be aware that these can differ from the TAU International Study Abroad academic rules, regulations and policies. It is the student responsibility to check with the coordinators and/or faculty of these programs regarding obtaining more information on the specific regulations as outlined by each program (including the drop/add deadlines and policies for BA and BSC courses which can vary from the TAU International Study Abroad dates and policies).
