Off-Campus Housing

Many international students choose to live in nearby off-campus apartments.

Sharing a standard apartment with one or two roommates may cost the same as the dorms.

The nearest neighborhood to campus is Ramat Aviv, which is a walking distance from TAU, but around 30 min by bus from the main attractions located in the city center.

Living in the city center allows you to have access to the city action, where a bus ride to campus can take between 20 to 45 minutes.

Apartment hunting in Tel Aviv can be quite time consuming, and the process might be lengthy. This can be partially explained by the extremely fast-moving market. Students are advised to set time aside specifically for apartment hunting prior to the start of the program.

Two to six weeks are recommended for apartment searching.

It is not common for landlords to agree to rent an apartment while you are still abroad. It is best to meet the landlord and see the apartment for yourself in person after you arrive.

Prices: Depending on a variety of factors, you should be prepared to pay anywhere from NIS 2,500 (living with 2 roommates) to NIS 5,000 (living alone) per month for a partially furnished apartment.

There are plenty of real estate brokers but expect to pay one month's rent as a finder's fee if you find an apartment through them, plus 18% VAT.

You may want to consider finding a **short-term rental for the first couple of weeks** while looking for a permanent apartment.

When looking for an apartment, we highly recommend clarifying the following details:

Apartment Details

- Where is the apartment located?
- How big is the apartment in square meters?
- On what floor is the apartment? If it is on the ground floor, are there security bars on the windows?
- What appliances are included in the apartment? (Many apartments do not include major appliances such as an oven, stove, fridge, washing machine or dryer)

- What furniture is included?
- Is there air conditioning?
- What else is included in the apartment?
- Is there a roommate? What are your impressions of him/her?
- Does the apartment have a MAMAD (secure room) or does the building have a shelter?

The Area

Visit the neighborhood during both the day and at night to get a feel for the area.

Is it loud at night? Does it feel safe after dark? Is it near a bus route to the university?

Rent

- What does your rental payment include (water, gas, electricity, maintenance fees, cable Internet, phone, etc.)?
- How often is payment due and in what form: monthly payments or one lump in advance? Should you make the payment via bank transfer? Checks? Cash? **Never pay cash unless you get a receipt!**

Bills

- How much is Arnona (municipality tax) and water every month?
- Is there an electric heater for water (*Dood Hashmal*) or is it solar powered (*Dood Shemesh*)?
- How much is the electricity, on average, per month?
- How much are the maintenance fees (*Va'ad Bayit*) each month?

Signing the Lease

- Can the contract be written in English?
- Is there a need for a guarantor?
- Do they require a lawyer to review the lease? If so, who covers the cost?

Legal consultant

You can get legal advice from the Student Union's lawyer before signing an apartment contract. There is a free legal consultancy service by the TAU Student Union. To schedule a meeting and find more information, you can go to the [Student Union Website](#).

Working days & hours: Sunday–Thursday, 9:00am–5:00pm.

Office is located in the [Mitchell Building](#), room 112.

For more tips and recommendations on apartment hunting, you are welcome to contact the Housing team housing@tauex.tau.ac.il

Facebook groups are also a very popular way of apartment hunting in Israel.

See below a few groups that may be helpful.

Please note: some of the groups may be private groups (meaning you should ask to join, and the administrator needs to approve the request). Do not worry about some of the pages being in Hebrew; you can post in English.

Short-term rentals:

[Airbnb](#) is very popular in Tel Aviv and you might find great solutions for short-term housing.

In addition, Hostels could be a great option for short-term solutions.

Below is a list of a few optional **hostels in Tel Aviv**:

Feel free to ask anybody and everybody. This is actually a very effective way of finding housing, jobs, and information. Personal connections go far in Israel, especially since apartments come and go very quickly in the city.

We are happy to help, even if it is just to brainstorm ideas about finding what is right for you.

You may want to consider widening your search to the nearby cities **Ramat Gan** and **Givatayim**, or other towns a little further from campus (25-45 minutes by bus or by train), such as Herzliya, Ra'anana, Kfar-Saba, Holon and Rehovot.

You can try these Facebook pages:

Com-Unity

Com-Unity is a new housing concept in Tel Aviv that combines living in a fully furnished and designed private apartment with membership in a local and creative community.

The project consists of various apartments of different sizes and prices. 5% off for TAU students!

The prices include:

- Private fully furnished apartment
- Once a week cleaning service
- Free entry to the common areas (gym, open living area, yoga room, garden, rooftop, workspace and more)
- Utility bills

This might be a very good option for international students who would like to integrate into a young local community. For more info, please check out the project's [website](#).

Packing Essentials

Clothing

Campus dress is casual. Most students attend classes and campus events in jeans and T-shirts.

You may want to bring modest attire (skirts or dresses, shirts, shorts, etc. that cover the shoulders and knees) for visits to religious sites in Israel.

You should plan to bring some semi-formal attire for professional meetings and networking, special occasions and nights out but in general, dress in Israel is quite casual.

As dry cleaning is relatively expensive in Israel, please bring clothes that can be easily cleaned.

During the hot summer months, the traditional casual dress code becomes even more relaxed due to extreme heat and humidity. If you are sensitive to air conditioning, make sure to pack a few sweaters or a shawl.

In the winter, warm clothing is necessary, as many buildings are neither centrally heated nor well insulated. From December until March, the weather can be rainy, damp, and cold.

For excursions as well as your own sightseeing, a pair of good walking shoes is necessary.

Medication

If you are taking a prescribed medication, you should bring a supply to last the duration of your time in Israel.

It is also recommended that you bring a typewritten, generic prescription for your medication should you need to have it refilled.

Since some medication might not be available in the same brand names in Israel, it is essential that a local doctor or pharmacist provide a generic name for reference.

In addition, if you send an additional supply of medication by mail, you will be required to present a prescription to the Israeli Customs Office before the medication is released.

Electrical Appliances

The electrical current in Israel is 220 volts, 50 cycles.

You may be able to bring a transformer for certain basic appliances, such as a hair dryer, but these are also easily purchased in Israel.

Some more basic appliances cannot be converted which is why it may be better to buy them in Israel. Most laptops do not need transformers but require a small inexpensive adaptor.

Check with your home electronics store or computer company (Apple, etc.) for advice.

For residents of the dorms, it is recommended to keep minimal electrical appliances.

Baggage Information

Please contact your airline operator regarding baggage regulations and costs for checked bags so that you don't have surprises upon check in.

Keep in mind while packing that many buildings in Tel-Aviv, including the **Einstein dormitories**, don't have an elevator, and you may find yourself having to **carry your luggage up several flights of stairs**.

For these reasons and for reasons of very limited storage space, we recommend that you bring with you no more than two reasonable sized suitcases + one carryon.

Experience has shown that it is best to take your belongings with you and to check/carry them on the flight. It is not recommended to ship any luggage to Israel for the duration of your stay, as incoming goods may be taxed if they are shipped. This is the case even if they are your own personal items and even if they are used.

Another issue is that it is not always possible to know how long the shipment might take.

In addition, packages shipped by sea will arrive at the Port of Haifa, which is more than an hour away from Tel Aviv. You will have to go to Haifa, take the shipment through customs, declare all items, and then transport your luggage from Haifa to your apartment.

In general, shipping things to Israel in any method is not a great experience, and we recommend avoiding it when possible.

Arrival at Ben-Gurion Airport

When you Land

At Israel's Ben Gurion International Airport, your first step is passport control. Please note that passport control might take some time depending on how busy the airport is and how many questions the officers have for you. **Come prepared with your acceptance letter to show the inspectors.**

If you are not staying in TAU Housing upon arrival, make sure that you have made previous arrangements for housing (hotel, short term rental, a friend, etc.). Keep the details (address, etc.) of your accommodation with you to give to passport control as needed.

After inspection, you will receive a blue note with your passport details.

This note is very important, as it is your Entry Visa in Israel, **and it holds higher authority in case of contradiction with the visa printed in your passport.**

It is of utmost importance that **you keep a copy of this note** for the whole duration of your stay in Israel.

You are required to check the information on the blue slip, and verify that it states, "Student Visa" (A/2 visa) with the same date of expiry which appears on the visa you received before your arrival.

In case the visa type or date does NOT match the details in the visa sticker you have in your passport, please email: visatau@tauex.tau.ac.il

Arrival to TAU Campus

Arriving by Train

Arrival to campus by train from Ben Gurion Airport is very simple, there is a frequent line headed from the airport to all of Tel Aviv train stations.

Your destination is 'Tel Aviv University Station'; you can always find updated schedules on the railway company's [website](#).

The train ride is approximately 30–40 minutes from the airport.

Tel Aviv University Station has two exits, remember to **take the exit on the left**, leading to a set of escalators through a long tunnel.

Broshim – Broshim Dormitories are a short walk from the University Train Station, although be mindful that some of this walk is uphill. [On Google Maps](#).

Einstein – From the University Station you can either take a short cab ride to the Einstein Dorms (about 25-30 ILS), or you can take the bus from the train station to the Einstein Dorms (bus number 7 or bus number 45; ask for help at the station if needed). [On Google Maps](#).

Note there are no trains or buses on the Sabbath (Friday afternoon until Saturday evening) and most Jewish holidays.

Arriving by Taxi

The cost is about 150 ILS from the airport to the Einstein or the Broshim Dorms. The ride may be more expensive on Sabbath and holidays.

You should only get a taxi at the airport from the **official Ben Gurion Airport Taxi Stand** that is outside the doors of the airport (there will be signs pointing you to the stand when you walk through the airport). We strongly recommend that you do not accept a taxi ride from anyone offering inside the airport – these are not regulated taxis and the fare could be much higher.

It is recommended that you have cash (ATMs are inside the airport) for the taxi, although some will take credit cards (always let the driver know before you get in the taxi that you want to pay with a credit card in case that is a problem).

Einstein dorms address: *Chaim Levanon Street 63.*

Broshim dorms address: *George Wise Street 20.*

End of the Year Ceremony

The End of the Year Ceremony for all graduates in our master's degree programs of 2025/2026 will take place on campus on **July 30, 2026**.

The academic and administrative staff will attend the ceremony, and all students are welcome to invite friends and family to join the audience.

Before the ceremony, you will receive caps and gowns for the occasion, please be sure to return them after the ceremony is over, as they are all borrowed and numbered.

Official invitations and itinerary of the event will be sent close to the end of the Spring Semester, you will have to RSVP to the invitation to have your name included in the ceremony.

Day One: Your To Do List

Bank Account

We advise our students to avoid traveling to Israel with large sums of money, but you may want to have a small amount of cash for your first days. Do not open a bank account in any Israeli bank branches overseas, since their information does not transfer to their local equivalents in Israel.

Opening an Israeli bank account

As far as we know, the bank most experienced in working with international students is “HaPoalim”, which has two branches close to campus:

Avivim Branch

Address: Brodetski Street no. 43

Ramat Aviv Gimel Branch

Address: Aba Akhime’ir Street no. 33

Instructions:

- [Schedule an appointment](#)
- When you schedule an appointment, you need to input an Israeli phone number and get a confirmation code.
- The number is insignificant to the account and only used for the scheduling. Please ask your lab mate or a friend to use their Israeli Phone number if you do not have one.

Required details and documents to open a bank account:

- Passport
- TIN number/social security number/ID card from home country
- Additional ID (could be the ID/driver’s license from your home country)
- Blue ticket which you have received at the airport while entering Israel or an additional ID/driver’s license from your home country

- TAU Student ID or a study approval letter from the university
(any formal letter which states that you are a student at TAU during this academic year)

Other banks around campus:

Israel Post Office – [Chaim Levanon st 67](#)

"Discount" branch – [Yehuda Ha-Nasi st. 34](#) ***Does not provide credit cards to foreigners not from the OECD. (As of 2023)**

"Leumi" branch – [Brodetski st. 43](#)

"Leumi" branch – [Aba Akhime'ir st. 15](#)

"Leumi" branch – [Rav Ashi st. 18](#)

The process of opening a bank account can take around 30-50 minutes.

If you do not have Israeli ID, the bank clerk, when opening an account, will randomly assign you a fictional ID number. Please make sure you **write down this number**, you will need it for future services provided by the bank.

Updating your account details on the TAU systems (relevant only to research students)

Research students must update their bank account details on the system to be able to pay tuition and/or receive scholarships and monthly salaries.

For students **up to PhD level**, please login to the [Personal Info](#) system. On the menu panel on the left, choose the second item on the second section – **Updating Bank Info**.

If you are a **postdoc or visiting researcher**, you will receive specific instructions from your department after your arrival to Israel.

If you wish to pay tuition via bank transfer or DPP, please follow the instructions presented [here](#)

Student ID

All students and researchers at TAU have an identification card and a personal ID number.

The ID number is required to login to all of TAU systems and to activate your TAU email account.

ID numbers for internationals are generated automatically by the TAU administration systems. You will receive your ID number shortly before your program or upon your arrival (depending on program).

TAU International degree programs (including MA programs): Student cards are issued automatically: you will receive an email from our office to come and pick it up once it is ready.

Degree students that have not settled their remaining balance will not be able to receive their Student ID cards.

PhD and MSc students must fill an [online form](#) after arrival, and the card will be prepared within 3-4 weeks. You can only order a card after you receive your ID number for the TAU help desk.

Postdoctoral fellows can order an ID card at [MyTAU](#). ***That can only be done after you open a bank account and receive a Student ID Number.**

1. Click on עדכון פרטים אישיים (For English, hover with your mouse over the Hebrew text).
2. In the screen that opens; to change the language to English, click on "Change Language" (top left corner of the screen).
3. Now your personal details will appear on the screen. To order your postdoc card click Order Post-doc Card>>
4. The Research Students Office – Ms. Raya Lipcer: rayalipc@tauex.tau.ac.il will update you once the card is ready.

Note: All that can only happen after you receive a student ID Number. You can only receive that number after you update your bank account details in the system. Hence, the first step is to open a bank account. You are welcome to contact our Research Coordinator for help: tauresearch@tauex.tau.ac.il

We recommend always carrying a cell phone with an Israeli phone number.

Our office can offer you upon arrival a FREE SIM CARD charged for 10 days, with options for discounted profiles starting the 11th day.

Busses in Tel-Aviv can take you just about anywhere in Israel, with lines moving each day from the early morning hours until late at night. The best way to keep track on all the busses and their routes, and to figure which ones will serve you best while moving around the city, is with the mobile app [Moovit](#).

Note that most public transport in Israel **doesn't run on Shabbat** (Friday afternoon to Saturday evening).

However, Tel-Aviv municipality operates local shuttles with stations around central parts of the city (including TAU Campus, near the main gate), which you can ride free all day long. Information about these shuttles can also be found on Moovit.

For intercity travel during Shabbat, there are service taxis (big yellow minibuses) operated by private companies. You cannot use Rav-Kav on these taxis, they work with cash only.

Train

The Israeli railway reaches almost every big city, with four different stations in Tel-Aviv alone.

Full information about fares, timetables, etc... can be found on the [Railway website](#).

Bikes & Scooters

Scooters and bikes are the most popular means of transportation among Tel-Avivians. You can find them scattered all around the city and activate them with their corresponding app.

The most common ones are [Bird](#), [Lime](#), and [Wind](#).

IMPORTANT – it is mandatory to ride with a helmet at all times.

Anyone riding without a helmet is not only endangering their own personal safety, but might also be fined by the local authorities for **at least** 250 NIS.

In areas with roads designated for bicycles and scooters, it is also strictly illegal to ride on the sidewalk.

Rav-Kav Card (Public Transportation Card)

Buses in Tel Aviv do not accept cash.

Payment Methods:

1. **Rav-Kav card:** a rechargeable electronic card.
