

## Spring Semester 2022 - Study Abroad Courses

**All courses, syllabi, dates and times below are subject to cancellation or change.**

Classroom locations will be posted closer to course start dates. For a schedule of Spring 2022 important dates, including courses start and end dates, please visit our [Study Abroad Calendar](#). All students are responsible for carefully reading the Spring 2022 TAU International Academic Handbook prior to registering for courses. All the details are located in our [Study abroad academic policies page](#). In this handbook, students will find detailed and essential academic information which they are responsible for understanding regarding courses, TAU academic policies, course registration, important academic deadlines and dates, and more.

TAU International Study Abroad students must enroll in a minimum of 4 courses listed below during each semester (if your home school requires you to enroll in more than 4, you are required to adhere to your home school requirements). Please note that all courses below are worth 3 semester credits unless otherwise noted (as is the case with Hebrew courses and Service Learning courses).

TAU does not permit, under any circumstances, taking any in-class (including mid or final) exams or final presentations early. When selecting courses, it is thus very important to note below if there is an in-class final (or presentation) as the date and type of exam cannot be changed. Early departures from the program are not approved, nor are early or exception exams or presentations.

All BA courses listed below run on the [regular TAU calendar](#). However, study abroad students who take any of the courses below will be allowed to depart at the same time as any study abroad student and will be able to continue their courses remotely.

Note that the course of the Business & Entrepreneurship program are only available to Business & Entrepreneurship program students.
