

## Fall Semester 2019 - Study Abroad Courses

Please note that all courses, syllabi, dates and times below are subject to change. Classroom locations will be posted here closer to course start dates. For a schedule of Fall 2019 important dates, including courses start and end dates, please visit our [Study Abroad Calendar](#).

All students are responsible for carefully reading the [Fall 2019 TAU International Academic Handbook](#) prior to registering for courses. In this handbook, students will find detailed academic information which they are responsible for understanding regarding courses, TAU academic policies, course registration, important academic deadlines and dates, and more. TAU International Study Abroad students must enroll in a minimum of 4 courses listed below during each semester. Please note that all courses below are worth 3 semester credits unless otherwise noted.

TAU does not permit, under any circumstances, taking any in-class (including mid or final) exams early or later than the scheduled exam day. When selecting courses, it is thus very important to read the syllabus and check if there is an in-class midterm or final exam as this date/exam cannot be changed. Early departures from the program are not approved, nor are early or exception in-class exams.

Please also note that many times classes in Israel are written “to the nearest hour”, meaning you may see a course that meets from 10:15-11:45 written as 10:00-12:00. In this case, the course starts at 10:15, and ends at 11:45. Below we have written the course times as they actually are.

For any questions regarding academic policies, procedures, syllabi or any other academic matter please email our TAU International Academic Team at [tauiacademic@tauex.tau.ac.il](mailto:tauiacademic@tauex.tau.ac.il).

## Fall Semester 2019 - Courses in BA Liberal Arts Program Available for Study Abroad Students

Study Abroad students may take the below 3 credit courses which are part of the BA Program in Liberal Arts (taught in English) and still plan to finish at the same time that the study abroad courses listed above end (December 19, 2019) and so they more or less follow our [Study Abroad Calendar](#). Be aware that additional take-home work may be required after the course end date. **More information on the class locations, exact dates, and syllabi for each BA course is provided on the [BA Liberal Arts web site](#).**

Please also note that many times classes in Israel are written “to the nearest hour”, meaning you may see a course that meets from 10:15-11:45 written as 10:00-12:00. In this case, the course starts at 10:15, and ends at 11:45.

Course Name	Course Number	Day	Hour	Location
<a href="#">Freud and Beyond (Psychology Course)</a> – Dr. Ruth Zeligman	TBD	MON/WE	12:00-14:00	<a href="#">Visit the BA web site for locations</a>
<a href="#">Israel: Society, History and Culture</a> – Dr. Eyal Naveh	TBD	SUN/WE	18:00-20:00	<a href="#">Visit the BA web site for locations</a>

## STEM Courses in English in the B.Sc. in Electrical and Electronics Engineering Program

It may be possible for study abroad students who meet all required course pre-requisites to enroll in one or more STEM courses which are part of the B.Sc. program taught in English. However, these courses do not run on the same calendar as the study abroad program. They run on the regular Israeli university calendar, which means students taking these courses would be required to stay for a longer period of time than the usual study abroad program and extra housing fees would apply. The B.Sc. calendar

can be found [here](#). In addition, international students should be advised as to the high degree of difficulty of these courses. In addition to meeting the course pre-requisites, students must be formally reviewed and accepted to the course by the B.Sc. program staff. If interested in exploring the option to take a STEM course, please [contact us](#).
