

Homeland Security Executive Certificate Studies (HSECS) Course

- Partners ASERO Worldwide with the renowned academic reputation of Tel Aviv University and the American Society for Industrial Security (ASIS) International, the world's premier organization for security professionals.
- Offers best practices and lessons learned shared by Israel senior most ranking security officials.
- Provides unparalleled access to some of Israel's most critical infrastructures and secured sites.
- Includes a half-day seminar focused on crisis management and emergency response during the COVID-19 pandemic based on Israel's proven model led by a senior ranking officer in the IDF Home Front Command.
- Attended by senior ranking security officials from the Transportation Security Administration (TSA), the Canadian Air Transport Security Authority (CATSA), American Express (AMEX), Delta Air Lines, Heathrow Airport, the Schiphol Airport Group, the Singapore Ministry of Home Affairs (MHA), among others.
- Upon completion of this seminar, participants receive a certificate signed by the Dean of Special Programs of Tel Aviv University recognizing the achievement of 40 academic theoretical hours in Homeland Security studies.

**"If you can attend only one
HLS course, this one is a
must."**

Mr. Paul Benoit
Former President and CEO,
Ottawa International Airport
Authority
