

## The Collège de France – Tel Aviv University

### Visiting Professorships at the Collège de France

We are pleased to announce a call for Visiting Professorships as part of the Academic Cooperation Program between Tel Aviv University (TAU) and the Collège de France (the Collège). This collaboration aims to strengthen reciprocal relations between the two institutions and facilitate invitations for TAU-affiliated professors to visit the Collège.

#### Visiting Professors from TAU at the Collège

Under the Collège's international policy, each Collège de France professor may invite foreign scholars to deliver public lectures. Such visits must be arranged through a personal invitation from a Collège de France professor. Visiting professors are expected to deliver public lectures, ranging from a single lecture during a short stay of a few days to up to four lectures during a one-month residency.

Number of public lectures given by the visiting lecturer	Duration of accommodation provided by the Collège de France	Amount of stipend paid for by the Collège de France
1	1 week	€ 500
2	2 weeks	€ 1,000
4	4 weeks	Around € 4,000

#### Financial

The Collège will provide each visitor with a pro-rated stipend, depending on the duration of the stay, to cover meals and local transportation, in addition to providing accommodation.

#### Selection Criteria

The selection committee will assess applications based on the following:

- Name, title, and confirmation of contact with a research partner at the Collège
- Letter of invitation from the hosting Chair Professor at the Collège
- Description of the planned activities
- CV and list of publications
- Preferred dates for the visit (October 2026 – September 2027)
- Full health and accident insurance are mandatory for all visitors.

#### For questions, please contact:

- Michal Linder (for outgoing faculty) the Lowy International School, Tel Aviv university
