

### **Research Fellowships for Outstanding International Students**

We are pleased to announce a fellowship program for outstanding international research students as part of a Masters or Doctoral research degree abroad ("Sandwich Scholarship"). The scholarships are intended for students in all fields.

#### **Program Outline:**

As part of the program, scholarships will be allocated for visits of one to six months for 10 to 20 research students from distinguished institutions abroad.

Each scholarship will be funded in the amount of 5,000 to 30,000 NIS, depending on the length of the visit and the degree level.

#### **Eligibility Criteria for the Fellowship:**

- A. The student is pursuing a Masters or Doctoral degree at a recognized institution of higher education abroad.
- B. The student has successfully completed at least the first year of their degree program but is still in the process of working on their thesis/doctoral dissertation.
- C. The student is not an Israeli citizen or resident.

#### **Application Submission:**

- Preferred period of stay in 2026 (one to six months)
- Research summary and relevancy to research done at TAU
- Curriculum Vitae
- Confirmation of studies from the home university
- A letter of recommendation from a professor at the home university
- An invitation letter from a hosting professor at TAU

Please submit your application [here](#)

Applications for research visits in 2026 should be submitted by:

First round: **March 26th, 2026**

Second round: **July 27th, 2026**
