

Student Exchange

Course Catalog

Academic Year of

2023-2024

Important information

Course Registration

- Exchange Students can choose English-taught courses from the programs/departments in the table below (for detailed information regarding the courses which are open to exchange students in each program please read the booklet thoroughly).
- Bachelor's students (=undergraduate students) can only take Bachelor's level courses and **cannot take master's level courses unless indicated differently**.
- Master's students (=graduate students) can choose from both bachelor's and master's
- Registration for courses is pending availability. We will make every attempt to accommodate your preferences.
- Please check the course prerequisites mentioned in this course catalog before completing the course choices form. **pre-requisites are the student's responsibility**
- Please notice that there may be changes in courses or courses schedules that you may check directly on the relevant faculty's website, appearing in each section.
- Fall or Spring Semester students cannot join full-year courses.
- Courses with less than 10 students might be cancelled.
- **TAU does not permit, under any circumstances, taking final exams early. When selecting courses, it is thus very important to note below if there is an in-class final as this date/exam cannot be changed. Early departures from the program are not approved, nor are early or exception exams**
- Students are welcome to take any courses on the list (based on availability), **however, it will be their responsibility to make sure that it fits their schedule and that they're able to stay for the duration of the course**
- **Please remember to check that you are not signing up for overlapping courses**
- You can find most of the courses website by their numbers (throughout the catalog) [here](#) or at the links within the catalog.
- Please note that all courses, dates and times below are subject to change. Classroom locations will be added on this site closer to the courses start date.
- Please make sure you see on moodle all the courses you are registered to, with the right amount of credits you need. No changes can be made 2 weeks after the beginning of the semester.

Course attendance

Students may participate each semester in maximum five courses. Attendance is mandatory in all courses. Missing lessons will be reflected in the final grade of the course. Up to three justified absence from classes will be accepted (for example: emergency matter, doctor's note). Such cases of absence should be notified to your lecturer immediately. Students are required to arrive on time for classes. Teachers are entitled to treat any single case of lateness and/or repeated lateness as an unjustified absence.

Course assignments

Please check the exam/final assignment date/schedule before registering to a course. Exchange students cannot take exams on different dates than the regular exam date. You cannot join the course unless you are able to stay in Israel for the final exam.

Students will not be allowed to leave a course early, unless indicated differently

Starting dates, duration, and ending dates of individual courses may vary from one department to another. Please make sure to check the dates of the courses you are registered for. Please note that semester dates for STUDY ABROAD COURSES ARE DIFFERENT than other programs

There may be courses that appear on the website of each department and do not appear in this catalog. These courses are not open for Exchange Students.

Regular Hebrew-taught courses at TAU

Students whose Hebrew is good enough and choose to take courses at the regular university program should check the courses available at the faculties websites, and then check with the Exchange Office the possibility to register to specific courses.

THE BUCHMANN FACULTY OF LAW

BACHELOR'S

You can find most of the courses website by their numbers [here](#)

We calculate TAU credits as follows:

- 1 credit equals 13 academic hours. Each academic hour is composed of 45 minutes. Accordingly, a one credit course will meet for 585 minutes.
- A two-credit course equals 26 academic hours, i.e. 1170 minutes.

Further, TAU Law's drop/add policy is quite strict and we would like to emphasize our policy:

- Semester-long courses: Add/drop during the first two weeks ONLY.
- Quarter-long & condensed courses: Add/drop must be done before the third lesson ONLY. (Class may meet twice/week, so the period is shorter).

Class attendance is mandatory. Students who miss more than three meetings of a semester course, or more than five sessions of an annual course, or attended less than 75% of the meetings in condensed courses, will not be eligible to take the final exam.

Workshops and Seminars: class attendance is mandatory.

We would like to emphasize that several courses have certain **prerequisites**. (see course description).

Please make sure that you have the prerequisites needed otherwise you might not be able to attend the class.

Generally, classes conducted in English do not overlap, but in the rare case of a conflict, it will not be possible to take classes with conflicting meeting times.

You should be aware that most of the courses are intensive courses, running over a short period of time, and may contain two or three class meetings per week (Changing). This entails a heavy reading and work load during the duration of the course.

Please check « changing » courses schedule within the course description at the website (the website will be adequate in a little while)
