BUSINESS ENTREPRENEURSHIP: ISRAEL AS A CASE STUDY (3 CREDITS)
Dr. Gil Avnimelech
Course Number: 2120-0189-04 (First Session, June 16 - July 21, 2016)
2120-0189-05 (Short Program, July 3 - July 22, 2016)
E-mail: gilavn@gmail.com

OBJECTIVES

The purpose of this course is to explore the many dimensions of new innovative venture creation, development and financing. We will deal with issues such as sources of ideas, type of opportunities, creativity and idea generation, business model design, business model validation, stages of start-up development, the lean startup approach, IP protection, business plan writing, and sources of finance for new innovative ventures. Many of the examples and cases presented in the course will be taken from the Israeli context. The course will include guest lecturers for the Israeli high tech industry.

COURSE CONTENTS

In the introduction module we present the entrepreneur’s role in the global economy as an agent of change and accelerator of innovation and economic development. This module will build the theoretical foundation of the course. The second module deals with sources of ideas, opportunity identification, creativity, idea generation, idea development and idea scanning and selection. The third module deals with business model generation including the concept of Business Model Canvas, design and visual thinking concept, business model development, and business model validation. The fourth module discuss the unique characteristics of start-up companies and it implications on development and strategy. In this module we will introduce the lean startup approach and the concept of Minimal Viable Product (MVP). The fifth module discuss the topics of business plan writing and IP protection. The last module presents the venture capital market including business angles, crowdfunding platforms, startup accelerators and technological incubators, venture capital funds, and corporate VC. We will discuss the characteristics of each type of investor, the advantages and disadvantages for the start-up of being finance by each type of investors.
